

AISES Mission

The mission of the American Indian Science and Engineering Society (AISES) is to **substantially increase the representation of American Indians and Alaskan Natives in engineering, science, and other related technology disciplines.**

AISES works to promote, initiate, and provide educational services for American Indian and Alaska Native pre-college, college, and graduate students in STEM. AISES also supports early-, mid-, and executive-level professionals in STEM through professional development, mentoring, networking, community service, and awards programs and initiatives.

About the AISES Regional Conferences

AISES' Regional Conferences take place every spring and provides an opportunity for AISES College and Professional Chapters to gather and share information, form partnerships, and to network with each other and with selected presenters and partners. Each regional conference has a number of informative sessions and activities. Activities provided can include mini career fairs, poster presentations, and engineering competitions.

About the AISES Regional 6 Conference at Penn State

The 2014 Region 6 Conference will be held at **The Pennsylvania State University**, University Park campus on **April 4-6, 2014**. Attendees to the conference will include but are not limited to students from the following universities: *Central Michigan University, Clarkson University, Cornell University, Michigan State University, Ohio State University, The Pennsylvania State University, Purdue University, Rochester Institute of Technology, SUNY University of Buffalo, University of Michigan – Ann Arbor, University of Rhode Island, Yale University*

The conference has been specifically planned to coincide with an annual Traditional American Indian PowWow, hosted in State College, PA by Penn State University. Please visit <http://powwow.psu.edu/> to learn more about this amazing event.

Conference Registration can be found at this link:
